Dear Ms. Garcia,

Thank you for submitting your application to the NSDAR. In order to complete the verification process for this application, we need some additional information.

Please provide documentation to establish:

- Potential error in lineage for Hilaria Cordaway (gen 4)

Hilaria's birth in August 1890 and Napoleon and Lena's (gen 5) marriage in July 1891 suggest the possibility that Napoleon may not have been her biological father. The letter of explanation submitted regarding the previous marriages of both Napoleon Cordaway and Lena Moore established that they had both been married prior to their 1891 marriage. Unfortunately, given their previous marriages, Hilaria's birth in August of 1890 and gen 5's marriage in July 1891, and as the lineage goes through Napoleon's line, further proof is required that Hilaria was indeed Napoleon's biological daughter. As you submitted baptismal records for several other generations, you may want to locate a baptismal record for Hilaria that could confirm she was Napoleon's daughter despite the discrepancy in dates. Alternately, you may want to locate an obituary or estate records for Napoleon that would list Hilaria as his daughter.

You are receiving this letter via email. However, please do not respond by email, but by U.S. mail. You will need to print off this letter and mail it with your response. You must submit a copy of this letter with your response. Documentation received without the letter will not be processed.

We will continue the verification process for this application when we receive your additional documentation. Please note that the allotted time for verification is two years from the date of initial review by the Staff Genealogist, even when new information is gathered and sent. If your application is not verified within this time period, it will be returned to you. The supporting documentation will not be returned, and all vital records will be shredded. The \$75.00 fee is nonrefundable.

Thank you for your interest in membership in DAR. This is an organization rich in history and accomplishments that remains as vital today as it did when founded in 1890. We hope the guidance provided above will assist you in completing your application. We look forward to welcoming you as a member of the society.

Sincerely,
Clare Marshall
Assistant Director, Applications

When replying, please return this letter with the barcode unaltered to identify yourself, your ancestor and your chapter. This will expedite review of your papers. ***Please send only one set of proof.***
