Note: Please read the above notes; some of the authorized firms specialize in certain categories of marker products. Although all DAR insignias will be cast from molds of the same pattern, it is strongly suggested that you contact more than one company, as prices vary. Prices charged for custom-designed markers depend on the size of the marker and the number of letters used. Brochures and information on current prices are available from the firms.
Insignias purchased from most firms will be in three diameter sizes: 5-1/8", 3", and 2-1/2".
