Dear Applicant,

Using the information that you provided, we have searched our records for the Birth Certificate of the person named above. We are sorry to tell you that there is no record of the birth in our files. We checked different spellings of the name. We also searched different birth locations and several years before and after the year of birth shown on your request. The search fee is retained in our office by state law and if you ordered the certificate with a credit card, the expedite fee is also non-refundable. If you paid for more than one copy, you may request a refund for the extra copies.

Since we do not have the birth certificate on file, you may:

- Request the certificate again using different names, a different mother's maiden name, a different county and/or different birth dates. The new search will require another non-refundable search fee.
- Start the process to file (create) a Delayed Birth Certificate.

To start the process of filing a Delayed Birth Certificate, you must request the forms and instructions. To request the forms and instructions, please check the block below and return this form to:

Arkansas Department of Health

Vital Records - 44
4815 West Markham
Little Rock, Arkansas 72205

☐ Send Me Forms and Instructions to File a Delayed Birth Certificate.

- Note: If the person whose certificate is requested is deceased, a Delayed Birth Certificate cannot be filed.
